DART Warm-up	*270F (*132C)	3Min	1Min

Valves
pneumatic

**Compliant. Larger capacity.
Ready for immediate use**

Safe, intuitive operation

- 1- Water saving temperature control
- 2- Automatic Door/Doors
- 3- Colour touch screen with security access
- 4- Simple programming ; customizable cycle names
- 5- Display messages in complete phrases
- 6- Thermal printer
- 7- Control at eye level for easy access
- 8- Environmental friendly vacuum pump

Adaptable Configurations

- Single door
- Double door
- Recesses
- Cabinet
- House steam

Reliably engineered

- Non-lubricated, steam activated door gasket
- Easy access modular piping
- Fully jacketed pressure vessel
- 316L stainless steel construction
- 20 year chamber warranty

Accessories

- Rack/Shelves
- Loading Car/ Transfer Carriage
- Water Softener
